

24 INCH COUNTER DEPTH BOTTOM-FREEZER REFRIGERATOR

BFBF2413SSIM

Fridge Features

NeoFrost dual cooling technology
ProSmart Inverter Compressor
ENERGY STAR® certified
Zone temperature adjustability
Inner digital display
Interior LED lighting
Field reversibility of doors
Counter Depth Design
Finger print free stainless steel

Freezer Features

Automatic ice maker
3 freezer drawers

Dimensions

H x W x D: 72 5/8" x 23 7/16" x 24 7/16"
Depth is with door / without handles

MODEL CODE	BFBF2413SSIM
Cooling system	Duo Cycle Frost Free Cooling - NeoFrost
Control system	Electronic Control
CAPACITIES	
Total net volume, cu. ft.	11.35
Fresh food net volume, cu. ft.	7.93
Freezer net volume, cu. ft.	3.42
FRIDGE FEATURES	
Active Fresh Blue Light	No
EverFresh	No
IonGuard	No
Interior filtered water dispenser	No
Filtered ice & water dispenser through door	No
Electronic control display type	Digital inner display
Auto defrost	Yes
Inner illumination	LED - Ceiling
Shelves	3 Safety Glass
Crispers	1
Door racks	3
Wine rack	Yes
Bottle gripper	Yes
Compressor	Variable Speed VCC
Fan ventilation	Yes
FREEZER FEATURES	
Auto defrost	No
Number of freezer drawers	3
Automatic ice maker	Yes
Ice cube tray	No
TECHNICAL INFORMATION	
Supply voltage, V/Hz	120/60
Rated Current, A	2.1
Noise level, dBA	43
DIMENSIONS	
HxWxD, in	72 5/8 x 23 7/16" x 24 7/16"
Product weight, lbs.	159
HxWxD, cm	184.5 x 59.5 x 62
Product weight, kg	72
PERFORMANCE	
Energy Star qualified	Yes
Climatic class	T
Annual energy consumption, kwh/year	395
Cooling gas	R600a

24 INCH COUNTER DEPTH BOTTOM-FREEZER REFRIGERATOR

BFBF2413SSIM

Outstanding Features

NeoFrost Dual Cooling Technology

Between unloading the grocery bags and getting ready to prepare a meal, you probably don't spend a lot of time thinking about the food in your refrigerator or freezer. And that's okay, because here at Beko, we do. That's why we've developed our NeoFrost dual cooling technology to ensure your food stays fresher, longer.

Unlike conventional single cooling systems, NeoFrost cools twice as fast with two separate cooling systems that maintain optimal humidity in the fridge, while keeping the freezer dry and frost-free.

ProSmart Inverter Compressor

The kitchen is a gathering place for your family. It's where plans are made and stories are shared. We've engineered the ProSmart inverter compressor to make sure our refrigerator never interrupts the conversation. As a matter of fact, the ProSmart compressor runs four times quieter than other refrigerator compressors. And the energy-efficient ProSmart compressor also meticulously maintains a consistent temperature to keep food fresher, longer.

Automatic Ice Maker

Beko Automatic Ice Maker can generate 6 pounds of ice per day avoiding the need to fill old fashioned ice trays by hand.

Zone Temperature Adjustability

High-tech temperature controls provide precise adjustability for preserving your food.

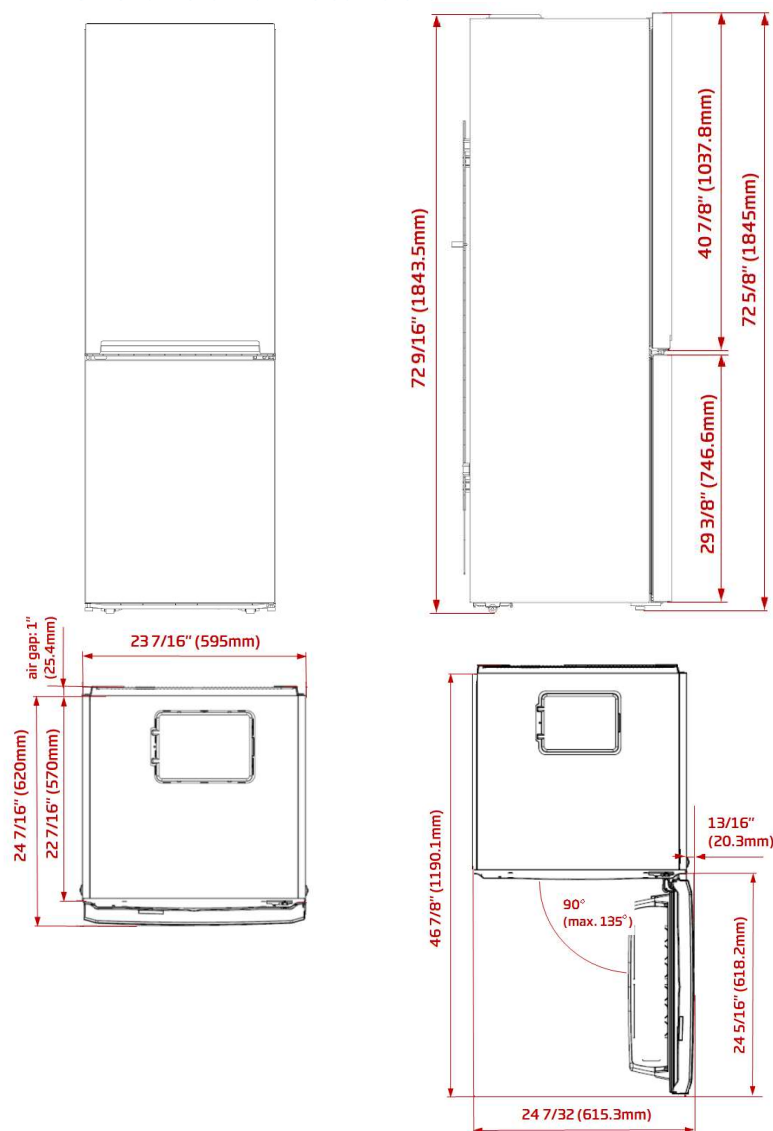

Inner Digital Display

Easy-to-read inner digital display allows you to quickly adjust your cooling and freezing settings
